Dear Voter,

The fact that you're reading this means you care about the issues that impact you and your family. I am a pro-family Democrat who cares about the issues. Most important to me is protecting basic family values and guarding our children from bad role models.

My name is John Estrada. I am a military veteran, a native Californian and a fourth-generation American. I'm a father and grandfather who understands that good government must respect mothers and fathers in order to protect our children.

Have you heard about the crazy ideas that most Latino state politicians are supporting? These are actual bills passed this year by the Democratic majority in Sacramento: SB 71 (giving sex surveys to schoolchildren behind their parents' backs); AB 205 (homosexual "marriage" that rejects your vote to protect marriage for a man and a woman); AB 196 (government investigations and \$150,000 penalties against people of faith who won't hire men who wear women's dresses); and AB 17 (forcing businesses and religious organizations to pay for "gay marriage" benefits).

You can count on me, John Estrada, to oppose these anti-family bills. As your Governor, I will protect the values that matter to you – your pocketbook, your parental rights, your religious freedom, your right to life, your vote on marriage, and your hopes and dreams for a better California.

Protect your family values and the future of our children. Vote for John Estrada. As Governor, I will represent you, the parents and grandparents of California.

Candidate's Name: JOSEPH R. EVANNS

**Candidate Statement (250 word limit):**

My name is Joseph R. Evanns. My family came to California when I was a small boy. I have lived here ever since with the exception of a period when I served in the U.S. Navy.

I hold a Bachelor's degree (Physics) from USC and a Master's degree (physics) and Law degree from UCLA, where I graduated in the top 20% of the Law School class. For over 30 years, I have practiced law specializing in Intellectual Property, pertaining to patents, copyrights and trademarks.

My clients are creative and entrepreneurial, with small to medium-size businesses. Recently, California has become anything but the former Golden State of opportunity and enterprise. Like many others, my clients have felt the chilling effects of spiralling taxes, increased workers compensation costs, over-regulation and soaring electric rates as well as deteriorating services.

Some of my clients, like other Californians, have left the State or are contemplating doing so, to the detriment of the California economy and everyone in it.

I want to give back to California by being Governor and reversing the downward slide by lowering taxes, bringing ethics back to government, undoing the electricity contracts and breaking the power of special interests in government.

I am qualified to do this by my experience in complex legal and business matters and will bring to the Governor's office the private sector virtues of efficiency, ethics, responsiveness and the can-do spirit.

Take California back. Make the Golden State golden again.  
Vote Joseph R. Evanns, Governor.

STATEWIDE SPECIAL ELECTION  
CANDIDATE STATEMENT FORM

Candidate's Name: Dr. Warren Farrell

Candidate Statement (250 word limit):

My recent research has uncovered why children raised by single dads do better than children raised by single moms; why *men* now earn *less* money than women for the same work; why our sons now do worse in school than our daughters...

These findings, evolving from thirty years of research in my books, including *Father and Child Reunion* and *Why Men Are The Way They Are* ([www.warrenfarrell.com](http://www.warrenfarrell.com)), are deemed too politically incorrect for mainstream candidates to discuss. Thus the policy implications are ignored.

My M.A. and Ph.D. in Political Science (UCLA; NYU), allow me to link this research to budgetary solutions for California, including ways to save billions of dollars on prisons and child protection with:

equal father and mother involvement;  
universal prenatal care;  
more male teachers;  
boy-friendly schools;  
a men's birth control pill;  
communication skills;  
female empowerment rather than victim power

Listening to both sexes led me to three years on the Board of the National Organization for Women in New York City; to expert witness work to keep children of divorce with both parents; and to my addressing both Governor Wilson's Conferences on Fathers, and his Conference on Women.

*The Financial Times* chose me as one of the world's top 100 "Thought Leaders." I've consulted with many Fortune 500 companies, NASA, the US Departments of Energy, Education and HUD, been an assistant to the president of NYU, and run my own business for a quarter century.

**CANDIDATE STATEMENT FORM**

Candidate's Name:

Larry Flynt

I am running for Governor because California is in crisis and needs the kind of strong leadership and sophisticated business sense that I can provide to help restore it. California is big business. I have been a businessman for 35 years.

I can do a better job at balancing the budget than those pinhead bureaucrats in Sacramento. I have a simple idea of how to eliminate the deficit without increasing anyone's taxes or cutting funding for any programs - and that is to expand California gaming to include slot machines for all private clubs. State revenue from this would easily enable lawmakers to balance the state budget. My goal is to revive our schools, create secure jobs, lower our water and gasoline bills, as well as our rising insurance costs; and I will fight to create a decent health-care system that all Californians can afford.

California is the most progressive state in the union and I'm sure its citizens would welcome having a smut peddler who cares as their Governor. I am a staunch civil libertarian; I have fought for most of my adult life to expand the perimeters of Free Speech, even taking a bullet for the First Amendment. People who know me know that my primary concern is basic personal freedoms for all of us - and I will be diligent in securing those freedoms for all Californians.

The undersigned author of the above candidate statement hereby declares under penalty of perjury under the laws of the State of California that such statement is true and correct.

CANDIDATE STATEMENT FORM**

Candidate's Name Gene Forte

**Candidate Statement (250 word limit):**

I am the AttorneyBuster, president/founder of AttorneyBusters.com.

I am uniquely qualified to be Governor based upon my personal experience at dealing with the issues of judicial and political corruption including my investigative reporting of other citizens' problems via radio for the last 18 months, the corruption from where all other problems for Californians arise. My successful 12 year career as a high level executive recruiter exhibits my professional ability to assess a person's capability and to select the right talent for solving the most complex problems. Precisely what a Governor should be doing to correct Californians' many problems.

Judicial corruption knows no party line. I have no doubt the immediate actions I would take would have a positive effect on every Californian that has been suffering under the tyranny of a judicial system gone crazy by non accountability, and the hidden legal costs that are like a cancer upon our economy and entrepreneurial spirit that once made our country great.

Raised on a small farm in Los Banos, California, where I learned common sense, I then involved myself in several entrepreneurial ventures after high school ranging from musical concert production, sports events promotion, salvaging a World War II airplane to being a New York Stock Exchange Broker in Fresno and Beverly Hills. I am married with four children to the love of my life, Eileen, of 14 years.

I have a clear track record of exposing and fighting the lack of accountability by a judicial system to citizens of California.

The undersigned author of the above candidate statement hereby declares under penalty of perjury under the laws of the State of California that such statement is true and correct.
